

COMPANY PROFILE

GARUDA ORIGIN

From Indonesia, With Trust

International-facing export identity of PT Pandawa Nusantara Lima

COMPANY PROFILE • VERSION 1.1 • 2026

Built from a belief in Indonesia

“Indonesia has fertile land, skilled farmers, rich traditions, and commodities that deserve to be enjoyed by the world. Garuda Origin was born from the determination to present that value with honesty, responsibility, and professional service.”

Garuda Origin is not built around the idea of appearing bigger than we are. We are building from the ground up: learning the products, documenting the people and processes behind them, organizing our information, and preparing the systems required to serve international buyers responsibly.

Our aspiration is simple but ambitious: to become a trusted Indonesian partner for natural commodities while creating meaningful value for the farmers and communities connected to them.

OUR PRINCIPLE

Trust before trade. Quality before claims. Responsibility before growth.

A new chapter in Indonesian trade

Garuda Origin emerged from a reflection: Indonesia has long been rich in agricultural and natural resources, yet access to international markets is often limited not only by product quality, but by readiness, documentation, communication, and trust.

Our response is to build those foundations deliberately. We want a buyer to encounter an Indonesian company that is transparent about what it has, honest about what it is still building, and serious about every commitment it makes.

Our Philosophy

TRUST	We earn trust through transparency, responsiveness, and consistency.
QUALITY	We document product characteristics and commit to processes we can actually control.
PEOPLE	Farmers are partners in the value chain, not simply sources of raw material.
NATURE	Natural resources are a responsibility; growth must respect the land that sustains it.
INDONESIAN PRIDE	Every shipment represents more than a product. It carries the reputation of Indonesia.

Who we are

PT Pandawa Nusantara Lima is the legal entity behind the Garuda Origin initiative. Garuda Origin serves as the international-facing identity and strategic platform through which the company prepares Indonesian commodities for global market engagement.

LEGAL ENTITY	PT Pandawa Nusantara Lima
PROJECT IDENTITY	Garuda Origin
PRODUCT BRAND	PLANJAN™

TAX REGISTRATION	Recorded in company tax documents dated 12 March 2026

TRANSPARENCY NOTE

Our profile intentionally separates verified current facts from future ambitions. Certifications, facilities, export history, and other capabilities will be presented only when they are genuinely in place.

A country with a story worth sharing

Indonesia is more than the origin line on a specification sheet. It is the context behind the products: fertile landscapes, tropical agriculture, traditional knowledge, diverse cultures, and the daily work of farmers who turn natural resources into usable food ingredients.

FACE	NUSANTARA	EQUATOR	EARTH	WORLD
The face of Indonesia — people, hospitality, integrity	The archipelago — diversity and agricultural richness	The equator — a distinctive geographic identity	Nature — responsibility, continuity, and stewardship	A global circle — Indonesia as a trusted trade partner

The Garuda Origin identity is designed around this idea: a modern Indonesian face, a Nusantara map, and an equatorial line that points from local origin to global partnership.

PLANJAN™ | The first product family

PLANJAN is the product brand chosen for Garuda Origin's first sugar portfolio. The name is rooted in Indonesian language and culture, while the product family is organized into two clearly separated variants: palm sugar and coconut sugar.

PLANJAN PALM SUGAR PLANJAN™	RAW MATERIAL: 100% fresh palm sap COLOUR: Dark brown to deep black AROMA: Rich natural palm aroma TASTE: Deep sweetness with a rich caramel character
PLANJAN COCONUT SUGAR PLANJAN™	RAW MATERIAL: 100% fresh coconut sap COLOUR: Golden brown AROMA: Fragrant, naturally sweet nectar aroma TASTE: Smooth sweetness with a lighter caramel character

Forms	Cube, round, granule	Cube, round, granule
Approx. capacity	10 tons/month	10 tons/month
MOQ	100 kg	100 kg

A buyer relationship built on preparation

1. UNDERSTAND

We first understand the buyer's product requirement, application, quantity, packaging needs, and destination.

2. VERIFY

We provide product information we can substantiate, and we clearly distinguish current capability from future capability.

3. SAMPLE

Where appropriate, product samples can be discussed before commercial commitment.

4. COMMUNICATE

We aim to be responsive, clear, and dependable throughout the conversation.

5. DOCUMENT

Specifications, quotations, and agreed details should be recorded consistently.

6. DELIVER

As the business grows, our goal is to build reliable, repeatable export operations with our partners.

OUR QUALITY PROMISE

We do not promise what we cannot control. We commit instead to accurate product information, transparent communication, documented specifications, and continuous improvement.

Growing in public, building in reality

2026 Garuda Origin takes shape around a clear purpose: connecting Indonesian commodities and farmers with global markets through trust.

Foundation A structured company archive, product dossier, brand direction, and legal records begin to be organized.

PLANJAN The first named product family is defined: PLANJAN Palm Sugar and PLANJAN Coconut Sugar.

Next chapters Buyer relationships, product testing, additional documentation, export readiness, and future certifications will be added as they become real milestones.

We are intentionally transparent about our stage of development. We are building our capabilities rather than presenting an artificial history. Every verified milestone will become part of the Garuda Origin story.

Let's build a trusted partnership

Garuda Origin is open to conversations with importers, distributors, food and beverage businesses, ingredient buyers, and other international partners who value Indonesian origin, transparent communication, and long-term relationships.
